Mike Charley
Public Health Director
Department of Public Health
Village of Oak Park

Pursuant to Village of Oak Park Resolution 20-120 dated March 13, 2020, the Oak Park Village Board has declared an emergency affecting the public health due to the outbreak of the COVID-19 disease pursuant to Section 8-10-5 of the Illinois Municipal Code, 65 ILCS 5/8-10-5, and Sections 2-6-10, 2-27-9 and 20-1-6(Z) of the Village Code. Pursuant to the Resolution, the Village's Public Health Director has the authority to make "reasonable rules, regulations and orders . . . as may from time to time be deemed necessary for the preservation and improvement of the public health and for the suppression of disease."

ORDER

1. The intent of this Order is to ensure that the maximum number of people self-isolate in their places of residence to the maximum extent feasible, while enabling essential services to continue, to slow the spread of COVID-19 to the maximum extent possible. When people need to leave their places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life, they should at all times reasonably possible comply with Social Distancing Requirements as defined in Section 10 below. All provisions of this Order should be interpreted to effectuate this intent. Failure to comply with any of the provisions of this Order shall be a violation of the Illinois Public Health Act, 220 ILCS 2305/2(k), which provides as follows:

Any person who knowingly or maliciously disseminates any false information or report concerning the existence of any dangerously contagious or infectious disease in connection with the Department's power of quarantine, isolation and closure or refuses to comply with a quarantine, isolation or closure order is guilty of a Class A misdemeanor.

2. All individuals currently living within the Village of Oak Park (the "Village") are ordered to shelter at their place of residence. To the extent individuals are using shared or outdoor spaces, they must at all times as reasonably possible maintain social distancing of at least six (6) feet

from any other person when they are outside their residence. All persons may leave their residences only for Essential Activities, Essential Governmental Functions, or to operate Essential Businesses, all as defined in Section 10. Individuals experiencing homelessness are exempt from this Section, but are strongly urged to obtain shelter, and governmental and other entities are strongly urged to make such shelter available as soon as possible and to the maximum extent practicable and to use COVID-19 risk mitigation practices in their operation.

3. All businesses with a facility in the Village, except Essential Businesses as defined below in Section 10, are required to cease all activities at facilities located within the Village except Minimum Basic Operations as defined in Section 10. For clarity, businesses may also continue operations consisting exclusively of employees or contractors performing activities at their own residences (i.e., working from home). All Essential Businesses are strongly encouraged to remain open. To the greatest extent feasible, Essential Businesses shall comply with Social Distancing Requirements as defined in Section 10 below, including by maintaining six-foot social distancing for both employees and members of the public, including, but not limited to, when any customers are standing in line.

4. All public and private gatherings of any number of people occurring outside a single household or living unit are prohibited, except for the limited purposes as expressly permitted in Section 10. Nothing in this Order prohibits the gathering of members of a household or living unit. All Village block parties and special events are suspended for the duration of this Order.

5. All travel, including, but not limited to, travel on foot, bicycle, scooter, motorcycle, automobile, or public transit, except Essential Travel and Essential Activities as defined below in Section 10, is prohibited. People must use public transit only for purposes of performing Essential Activities or to travel to and from work for purposes of performing Essential Activities, Essential Travel or to travel to and from work to operate Essential Businesses or maintain Essential Governmental Functions. People riding on public transit must comply with Social Distancing Requirements as defined in Section 10 below, to the greatest extent feasible. This Order allows travel into or out of the Village to perform Essential Activities, operate Essential Businesses, or maintain Essential Governmental Functions.

6. This Order is issued based on evidence of increasing occurrence of COVID-19 within the Village and throughout Cook County, Illinois, scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of the Village places it at risk for serious health complications, including death, from COVID-19. Due to the outbreak of the COVID-19 virus in the general public, which is now a pandemic according to the World Health Organization, there is a public health emergency throughout the Village. Making the problem worse, some individuals who contract the COVID-19 virus have no symptoms or have mild symptoms meaning they may not be aware they carry the virus. Because even people without symptoms can transmit the disease, and because evidence shows the disease is easily spread, gatherings can result in preventable transmission of the virus. The scientific evidence shows that at this stage of the

emergency, it is essential to slow virus transmission as much as possible to protect the most vulnerable and to prevent the health care system from being overwhelmed. One proven way to slow the transmission is to limit interactions among people to the greatest extent practicable. By reducing the spread of the COVID-19 virus, this Order helps preserve critical and limited healthcare capacity in the Village.

7. This Order also is issued in light of the testing and treatment of COVID-19 cases at Rush Oak Park Hospital, West Suburban Hospital and other medical providers located in the Village, the existence of one (1) confirmed case of COVID-19 in the Village, as well as at least 178 confirmed cases in Cook County and at least one (1) death in Cook County, Illinois, as of 4:00 p.m. on Wednesday, March 18, 2020, including a significant and increasing number of suspected cases of community transmission and likely further significant increases in transmission. Per the Centers for Disease Control and Prevention (“CDC”), there is no known vaccine for COVID-19 and there is no medication approved to treat it. Widespread testing for COVID-19 is not yet available but is expected to increase in the coming days. There is a body of evidence—based on about 200 journal articles—that supports the effectiveness of social distancing measures, both when used alone and in combination with other measures. The CDC recommends that government leaders continually reassess the status of the outbreak in the United States and extend any measures taken after such reassessment. This is a historic, unprecedented outbreak, the likes of which have not been seen in the United States since the influenza pandemic of 1918. This Order is necessary to slow the rate of spread and the Public Health Director will re-evaluate it as further data becomes available.

8. This Order is issued in accordance with the directive of Village President Anan Abu-Taleb as contained in President Abu-Taleb’s “Declaration of Local State of Emergency and Disaster” dated March 18, 2020, which is incorporated herein by reference.

9. This Order is issued in accordance with, and incorporates by reference the Gubernatorial Disaster Proclamation dated March 9, 2020 issued by Illinois Governor JB Pritzker, as supplemented by Governor Pritzker pursuant to Executive Orders 2020-03, 2020-04, 2020-05, 2020-06 and 2020-07 and as may be further supplemented. This Order is also issued in accordance with, and incorporates by reference Village Board Resolution 20-120 adopted on March 13, 2020, as may be supplemented and any and all orders issued by the Village’s Public Health Director regarding the COVID-19 outbreak, as may be further supplemented. Nothing contained in this Order is intended to, or shall operate to, supersede any applicable State or federal law, order or rule, and to the extent of any conflict, such State or federal law, order or rule shall be applicable.
